DIARY NOTES

DD/S [REDACTED] *md*

23 May 1963

1. [REDACTED] were in to see me about the Arnold Lines controversy with the Department of the Interior about the use of the George Washington Memorial Parkway and Route 123. We agreed that we should write a letter to the bus company telling them that the current service is extremely important to us and that we hoped some mutually satisfactory arrangement could be made to ensure that it does not deteriorate and that fares do not increase. (I should like to forward a copy of this letter to Conrad Wirth, Director of the National Park Service, expressing to him my hope that some thing can be worked out.)

2. [REDACTED] advised me that he was going to see [REDACTED] this afternoon to talk about expediting work for our computer center. He warned me that we may not be able to meet a 1 August 1963 deadline. I told him that I understood this but we must give it a try.

3. [REDACTED] reviewed with me a proposed paper recommending the establishment of an Office of Computer Services. I have checked with Mr. Kirkpatrick, who has asked me to send it to him with a number of copies. He will notify the members of the Executive Committee that we intend to go ahead with this unless they submit objections.

4. I talked to [REDACTED] and asked him to get together with [REDACTED] and with me, if necessary, on this matter. I want to ensure, if possible, that these requisitions are processed during Fiscal Year 1963.

7. [redacted] called to say that he had spoken to Dick Helms and [redacted] regarding my request to make [redacted] the Special Support Assistant to the Deputy Director (Support). Dick wanted to check around with several Division Chiefs, which Dan has done with favorable results. Dan has sent a memorandum back to Dick on this and expected no further concern. Dan said he would let me know Dick's reaction in a few days.
